PROFESSIONAL SUMMARY

Software developer with 5 years of experience working on all stages of software development in **Canada, Japan, and the Philippines**. I enjoy solving problems by building reliable applications that turn client needs into practical solutions and help people through code.

HIGHLIGHTS

- **5 years** of professional experience in software development across **SaaS, banking, and hospitality industries**
- **Bachelor's degree (4 years) + Diploma (2 years)** in software/computer science
- Strong backend skills: **Node.js, Express.js, Java, Python, PHP, REST APIs**
- Proficient frontend: **React, JavaScript, HTML5, CSS3, jQuery, Bootstrap**
- Automated recurring jobs using **Bash**; migrated legacy ksh scripts; extensive **Linux server** work
- Experienced in TDD (**JUnit, JUnit**), UI and Integration testing (**Selenium**), performance testing (**JMeter**)
- Skilled with databases: **Oracle, PL/SQL, PostgreSQL, MySQL**
- Familiar with DevOps: **AWS, Docker, GitHub Actions, Git**
- End-to-end SDLC: from requirements, **design, development, testing to maintenance**
- Hands-on L3 support: **root cause analysis** (RCA), resolving critical **production bugs**

EXPERIENCE

ANGEL EARTH CORPORATION

Frontend Developer | Contract Part Time

Canada

November 2023 – January 2024

- Built **React.js applications from Figma designs**, ensuring accurate layout and functionality.
- Worked with backend developers to connect the **React frontend using Axios** for API communication.

ADVANCED WORLD SOLUTIONS INC

Software Engineer | Permanent Full Time

Japan and Philippines

November 2018 – July 2023

- Contributed to **IBM-led enterprise modernization** projects in **banking and finance**.
- Developed **full-stack solutions** and **modernized legacy** Java systems from **Struts** to **Spring Boot**.
- Built new modules/features using **Java** (with Intramart SDK, eBuilder, Resin, Ant), **Python, Javascript** (Express.js).
- Automated **workflows** and **recurring server operations** using **Bash** scripting.
- **Developed** cloud modernization feature using **Intralinks** for secure document management.
- Converted **business requirements** and wireframes into **functional application features**.
- Wrote **clean, maintainable** code across **backend, database** and **frontend** enterprise layers.
- Created and maintained **technical documentation** (design specs, user guides, etc.)
- Participated in code reviews to uphold **quality** and **readability** standards.
- Conducted **unit, integration**, and **stress testing** also created **test plans, test cases**, and **test scripts**.
- Improved **software quality** by writing **replicable bug reports** and providing **bug support** and **resolution** during the **maintenance** phase.

VOLUNTEER EXPERIENCE

WOMEN IN NEED SOCIETY (WINS)

Canada

Web Development Volunteer

March 2025 – April 2025

- Created dynamic pages using Wix, enhancing user experience and site functionality.
- Redesigned static webpages to be dynamic, improving interactivity and overall site performance.

SKILLS

Frontend: HTML/CSS, Bootstrap, JQuery, React,TailwindCSS

Backend: Java, Laravel, Django, Javascript, Node.js, Express.js, Python, MySQL, Postgres, SQL, Shell Scripting, PHP, NextJS, MongoDB

Tools: Git, SVN, Visual Studio, Postman

Testing: JUnit, JsUnit, Selenium, JMeter,

Others: RESTful APIs, Agile Development, Cross-Browser Compatibility, MVC, Microservices, Monolithic, Docker, AWS

Soft Skills: Problem-solving, analytical thinking, effective communication, leadership, adaptability, attention to detail, collaboration, client-focused approach, fast learner, and continuous improvement.

EDUCATION

SOUTHERN ALBERTA INSTITUTE OF TECHNOLOGY

Alberta, Canada

Diploma in Interactive Design - Web Design and Development Major

April 2025

DE LA SALLE UNIVERSITY

Manila, Philippines

Bachelor of Science in Information Technology

August 2018

Evaluated by World Education Services (WES), as equivalent to a four-year Canadian Bachelor’s Degree.

CERTIFICATIONS

JAPANESE - LANGUAGE PROFICIENCY CERTIFICATE N2

August 2021

The Japan Foundation

The JLPT N2 certifies upper-intermediate Japanese proficiency for professional and business-level used.

CERTIFIED INFORMATION TECHNOLOGY PROFESSIONAL FE

May 2019

Information Technology Professional Examination Council (ITPEC)

The FE Certification is a highly recognized IT credential in Japan and across Asia, assessing core skills in algorithms, data structures, networking, databases, and information security.
